

BEACH VISITS

ON THE MORNINGTON PENINSULA

Join BirdLife Australia for some Beach Visits, where you will learn about the threatened Beach-nesting Bird, the Hooded Plover.

'Hoodies' lay their highly camouflaged eggs on the sand, and once their chicks hatch, they have to run around and find their own food! This means that during the busy summer season, these birds need an extra helping hand to survive! Come and learn more about these charismatic little birds:

Friday 17th January

10 am start

Meet: Portsea Surf Beach (Upper carpark)

Saturday 18th January

9:30am start

Meet: Portsea Surf Beach (London Bridge carpark)

Wednesday 22nd January

9:30am start

Meet: St Andrews Beach carpark

Saturday 25th January

10 am start

Meet: Rye Ocean Beach Carpark

Sunday 26th January

10 am start

Meet: Portsea Surf Beach (Upper carpark)

Wednesday 29th January

2pm start

Meet: Rye Ocean Beach Carpark

These are outdoor beach walks, please wear appropriate attire and sun protection. Beach visits will run for a minimum 40 minutes. All ages and experience levels welcome and you can come to as many beach visits as you like!
